An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert M. O'Keefe on October 20, 2005.

The application has been amended as follows:

Specification:

According to the preliminary amendment filed November 10, 2003, wherein page 1, lines 7-8 has been modified, on page 2, line 2 of the preliminary amendment, after "June 14, 2001," insert --U.S. Patent No. 6,734,249,--.

Page 9, line 21, delete "and triacrylates".

Claim 24, line 5, replace "fused" with --from 0.1 to 2 percent by weight of fumed--.

Claim 88, line 1, replace "distributed" with --disubstituted--.

Cancel claims 91-101.

The following is an examiner's statement of reasons for allowance:

The corrections to claims 26 and 88 as well as the modification of page 9 of the specification implemented in the examiner's amendment hereinabove overcomes the 35 U.S.C. 112, first and second paragraphs, rejections.

Art Unit: 1712

The closest prior art to Date et al. Patent No. 6,576,081; Dunn et al. Patent No. 4,581,427 ; European Patent No. 452,540 and Japanese Patent No. 53-144760 do not recite the claimed fumed silica. Edelman et al. Patent No. 5,865,936 teaches the use of a fumed silica thixotropic agent (col. 4, lines 6-12). However, there is no disclosure or exemplification of any proportion of the fumed silica. Accordingly, there is no motivation to employ the fumed silica of Edelman et al. in such as low concentration as the claimed limits of from 0.1 to 2% by weight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Sellers whose telephone number is (571) 272-1093. The examiner can normally be reached on Monday to Friday from 9:30 to 6:00. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
